

SERVICE SOLUTIONS // TAEI STEP ELEVATOR ON-SITE SERVICES

HOW TO MAINTAIN HIGH EFFICIENCY ON YOUR TAEI STEP ELEVATOR

Ensure high performance and prolonged life-time by having your certified Frontmtec specialists verify the condition and tension of the chain, as well as perform the accurate alignment of both chains, ensuring they are level and parallel to each other, which is crucial for optimal lifting and precise tray positioning.

Maintain a smooth operation by ensuring an optimal production flow, using skilled and experienced technicians, who know which bearings to change and how to ensure the optimal condition of the tooth wheel, tray carriers and chain rails.

Stay prepared for the unexpected by stocking critical spare parts for daily operation, such as bearings, clutch, tooth wheel.
